ON THE DAY

We make setup simple and completely stress-free.

All we need is a space of around 2m x 2m, a standard UK power socket, and access roughly 45 minutes before your booth start time. Setup usually takes around 35 minutes, and our team always works quietly and unobtrusively — even if we're setting up during busy times.

Your TGW Photo Booth comes with a friendly, professional attendant who handles everything from setup to pack-down, so you can simply enjoy your evening. Pack-down takes around 15 minutes and, of course, these times are not counted within your booth coverage.

Every booth is fully insured with Public Liability Insurance, and all equipment is PAT tested, with certificates available on request.

Relax knowing everything is handled.

We'll arrive early, set up smoothly, and make sure your booth looks picture-perfect before your first guests arrive.

GUESTBOOK OPTIONS

A BEAUTIFUL KEEPSAKE
FILLED WITH PHOTOS AND
MESSAGES FROM YOUR
GUESTS.

Our handcrafted guestbooks are the perfect way to preserve every laugh, message and memory from your photo booth.

Each book is designed specifically for booth prints — the pages are the ideal size and thickness for your photo strips, so they sit perfectly without curling or tearing.

You can choose from five elegant cover colours to complement your day: cream linen, oak brown, soft grey, blush pink or stone. Each one feels timeless and beautifully made, ready to become a keepsake you'll treasure forever.

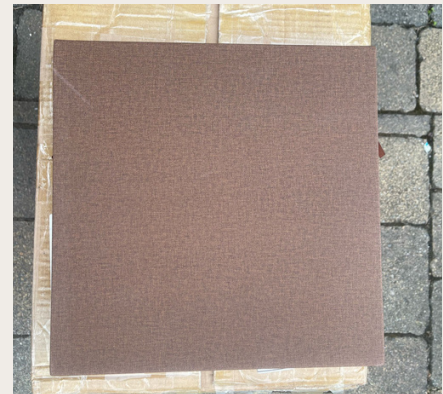

When you choose the TGW Guestbook Add-On, we'll provide everything you need on the night — premium adhesive, stylish pens and an attendant to help guests fill it in as they go.

If you prefer to bring your own guestbook, please make sure to provide your own glue and pens too, as these are only included with the TGW Guestbook package.

Add for £35 with any Photo Booth booking.

FREQUENTLY ASKED QUESTIONS

GOT A FEW QUESTIONS BEFORE BOOKING? HERE'S EVERYTHING YOU MIGHT WANT TO KNOW.

How long does setup take?

Setup usually takes around 35 minutes, and we'll arrive about 45 minutes before your booth start time. Pack-down takes roughly 15 minutes and is done quietly and unobtrusively.

How much space do you need?

We only need a space of around 2m x 2m with access to a standard UK plug socket. Our booths fit neatly into most venues and look perfect wherever they're placed.

How many prints do guests receive?

Each photo session produces two instant prints — one for your guests and one for your guestbook (if added).

Can we add extra hours?

Yes, of course. Additional hours are available at £75 per hour, and you can add these at any time before your event.

Do you charge travel fees?

Travel within Cheshire, Manchester and the North West is included. For venues further afield, a small mileage fee may apply — just ask for details.

Can the booth be set up outside?

Yes, but only if the area is fully covered, with access to power and protection from the weather. We'll always assess the location beforehand to ensure everything runs smoothly.

Can we have idle time during the meal or room change?

Yes. Idle time is available at £35 per hour and keeps the booth set up but paused until you're ready to use it again.

Is everything insured and tested?

Absolutely. Every TGW Photo Booth is covered by Public Liability Insurance, and all electrical equipment is PAT tested, with certificates available on request.
